

Dear Peach State Provider,

Peach State Health Plan (Peach State) recently updated our Biopharmaceutical Pharmacy Program by changing the prior authorization requirements for two chemotherapy drugs.

Beginning July 15, 2010, Peach State will require prior authorization for Avastin and Herceptin. In order to obtain prior authorization for these drugs, you must complete the Specialty Medication Prior Authorization Form found on Peach State's website and fax it to Peach State's Pharmacy Department at 866-374-1579.

Thank you for your time and assistance as we continue our commitment to better healthcare for our members. If you have any questions about this change, or any other Pharmacy related questions please call 1-800-514-0083 and select option 2.

Sincerely,

Wendy Bailey, RPh
Pharmacy Director, Peach State

Charles Kim, PharmD MBA
Pharmacy Manager, Peach State
