Smyrna, GA 30082

Dear Peach State Health Plan Clinician:

Peach State Health Plan is committed to Preferred Drug List review and maintenance to ensure our members have the best products available to manage their health. As of January 1, 2012 Peach State Health Plan will be offering the TRUEresult[®] meter and TRUEtest[™] strips as our preferred blood glucose testing supplies.

The changes to our Preferred Drug List are being implemented as follows:

- OneTouch[®] Basic/Profile/SureStep/Ultra blood glucose testing supplies will be removed from Peach State Health Plan's Preferred Drug List, effective January 1, 2012.
- TRUEresult[®] meter and TRUEtest[™] strips will be listed on Peach State Health Plan's Preferred Drug List effective January 1, 2012.

If your patients are currently using products that will no longer be part of our Preferred Drug List you may proactively convert these patients to preferred alternatives, as appropriate; however, when your patient runs out of testing supplies, you can expect a call from a pharmacy for a request to make a change to TRUEtest[™] blood glucose testing supplies. If your patient cannot be transitioned to the preferred products, we will need a prior authorization to continue using a product not listed on the Preferred Drug List.

For clinical information, product support, downloadable patient education materials or to order professional samples of Nipro Diagnostics TRUEtest[™] products, please refer to www.AccuracyonTarget.com/hcp. For professional samples only you can also call 1-866-788-9618.

Members currently using OneTouch[®] Basic/Profile/SureStep/Ultra products should be transitioned to the preferred product.

We appreciate the quality of care you provide our members, and recognize the unique aspects of individual cases. If for medical reasons a patient cannot be converted to the preferred alternative, please call 1-866-399-0928 to initiate a prior authorization request. You may also fax the prior authorization request to 1-866-399-0929.

Please contact Peach State Health Plan Provider Services at 1-866-874-0633 if you have further questions regarding this communication.

Sincerely,

A handwritten signature in black ink that reads "Dean Greeson MD MBA". The signature is written in a cursive, slightly slanted style.
