See <u>Important Reminder</u> at the end of this policy for important regulatory and legal information.

Policy Overview

To ensure higher quality laboratory tests are performed in the correct setting, the health plan will limit the performance of in-office laboratory testing to the CPT® and HCPCS codes listed in the Short Turnaround Time (STAT) laboratory (lab) code list included in this policy.

The purpose of this policy is to define payment criteria for in-office laboratory procedures to be used in making payment decisions and administering benefits. Furthermore, to encourage the specialization of independent labs to ensure higher quality laboratory tests are performed in the appropriate setting.

Application

Physicians and other qualified health professionals

Policy Description

During the course of a physician or other qualified health professional's face-to-face encounter with a patient, the provider may determine that diagnostic lab testing is necessary to establish a diagnosis and/or to select the best treatment option to manage the patient's care. These are tests that are needed immediately in order to manage medical emergencies or urgent conditions. To this end, specific clinical laboratory tests have been designated as appropriate to be performed in the office setting.

Reimbursement

Reimbursement for in-office laboratory procedures is limited to those codes listed in the STAT laboratory procedure code list (see the *Coding and Modifier Information*) section below. Laboratory procedures not included on the STAT lab list may not be performed in the office and should be referred to an independent, contracted lab provider.

Utilization

The health plan's automated claims adjudication system will deny in-office (location 11) laboratory procedures that are not included on the STAT lab list defined below.

Documentation Requirements

Not Applicable.

Definitions

Short Turnaround Time Lab Procedure

Laboratory tests and services that are needed immediately in order to manage urgent or emergent medical situations.

Independent Laboratory

A laboratory that is independent of an attending or consulting physician's office and of hospital

Contracted Laboratory Provider

A provider that has entered into an agreement with the health plan to provide laboratory services at a reduced rate to the insurer's or administrator's clients.

Important Reminder

For the purposes of this payment policy, "Health Plan" means a health plan that has adopted this payment policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any other of such health plan's affiliates, as applicable.

The purpose of this payment policy is to provide a guide to payment, which is a component of the guidelines used to assist in making coverage and payment determinations and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage and payment determinations and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable plan-level administrative policies and procedures.

This payment policy is effective as of the date determined by Health Plan. The date of posting may not be the effective date of this payment policy. This payment policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this payment policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. Health Plan retains the right to change, amend or withdraw this payment policy, and additional payment policies may be developed and adopted as needed, at any time.

This payment policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This payment policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this policy are independent contractors who exercise independent judgment and over whom Health Plan has no control or right of control. Providers are not agents or employees of Health Plan.

This payment policy is the property of Centene Corporation. Unauthorized copying, use, and distribution of this payment policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note: For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this payment policy, state Medicaid coverage provisions take precedence.

Please refer to the state Medicaid manual for any coverage provisions pertaining to this payment policy.

Note: For Medicare members, to ensure consistency with the Medicare National Coverage Determinations (NCD) and Local Coverage Determinations (LCD), all applicable NCDs and LCDs should be reviewed <u>prior to</u> applying the criteria set forth in this payment policy. Refer to the CMS website at http://www.cms.gov for additional information.
