

Peach State Health Plan: Planning for Healthy Babies Family Planning Only - Preferred Drug List (PDL)

This Preferred Drug List is searchable. Here is how to search for a medicine:

1. Press Control F to open the search tool
2. Type the medicine name into the text box
3. Press enter

Planning for Healthy Babies: Family Planning (FP) Pharmacy Program

Peach State Health Plan covers all forms of birth control for Planning for Healthy Babies: Family Planning (FP) women. The pharmacy team works with doctors and pharmacists to be sure the medicines to prevent pregnancy are covered on the Family Planning Preferred Drug List (FP-PDL). Your doctor must write a prescription for these medicines.

Planning for Health Babies: Family Planning Preferred Drug List (FP-PDL)

The Peach State Health Plan Family Planning Preferred Drug List (FP-PDL) is the list of covered medicines. The FP-PDL tells you the medicine you can get at local pharmacies. The list is updated every three months by the Peach State Pharmacy and Therapeutics (P&T) Committee. The group is made of the Peach State Health Plan Medical Director, Pharmacy Director, and several Georgia doctors, pharmacists, and specialists.

The Family Planning Pharmacy Program does not pay for all medicines. Only these kinds of medicines are covered:

- Birth control
- Antibiotics used to treat Sexually Transmitted Diseases (except HIV/AIDS and Hepatitis)
- Folic Acid and Multivitamins with Folic Acid
- Medicines for lower genital tract and genital skin infections
- Medicines to treat Urinary Tract Infections (UTIs)
- Medicines to treat a family planning emergency

Some medicines have limits on age, dose, and maximum quantities. These medicines need a prior authorization (PA) if the doctor thinks you need more than the limit.

You can call Member Services to talk to someone about the list of medicine Peach State Health Plan covers. The Member Service phone number is 1-800-704-1484 (TTY/TTD 1-800-255-0056). You can also use the “Drug Lookup” Tool in the secure member webpage to see if your medicine is covered. You can get to the tool by using this link <https://members.envolverx.com/>

Pharmacy Benefit Manager (PBM)

Peach State Health Plan works with Envolve Pharmacy Solutions to pay for pharmacy claims. Envolve Pharmacy Solutions is our Pharmacy Benefit Manager (PBM). Some medicine on the FP-PDL need a prior authorization (PA). Envolve Pharmacy Solutions reviews those requests.

Prior Authorizations (PA)

Some medicines on the FP-PDL may require PA. A request should be sent by the doctor or pharmacy to Envolve Pharmacy Solutions on the **Medication Prior Authorization Form**. This

Peach State Health Plan: Planning for Healthy Babies Family Planning Only - Preferred Drug List (PDL)

form is on the Peach State Health Plan website at www.pshp.com. The completed form and doctor notes to show your history should be **faxed to Envolve Pharmacy Solutions at 1-877-386-4695**.

Peach State Health Plan will cover the medicine if:

- There is a medical reason you need that specific medication.
- Other medications on the FP-PDL have not worked.

All reviews are done by a licensed clinical pharmacist. They use the standards set by the Peach State Health Plan P&T Committee. If the request is approved, Envolve Pharmacy Solutions sends your doctor a fax. If it is not approved, Peach State Health Plan and Envolve Pharmacy Solutions will send a letter to you and a fax to your doctor. The letter will have a list of other medicines. It will also tell you about the appeal process.

Dispensing Limits

The pharmacy can give you up to 31 days' supply of each new prescription or refill. There may be some medicine, like Depo-Provera, that is given once and lasts 84 days. 80% of the days' supply or 25 days must have passed before the medicine can be refilled for FP-PDL medicines that are not controlled. Controlled Substances must have 90% of the supply used before the medicine can be refilled.

Appropriate Use and Safety Edits

Your safety is very important to Peach State Health Plan. One of the ways we look out for your safety is through point-of sale (POS) edits when the medicine claim is sent by the pharmacy. These edits are based on the Food and Drug Administration (FDA) approvals. One example would be only allowing one medicine in the same therapy class each month.

More information about the medicines that are part of the these edits can be found in the **Appropriate Use and Safety Edits** document on the Peach State Health Plan website at www.pshp.com.

Step Therapy

Some medicine on the FP-PDL may require another medicine to be used first. This is called Step Therapy. If you filled that required medicine with Peach State Health Plan already, the step therapy medicine will be covered. If you have not tried the FP-PDL medicine, your doctor will need to send in a PA form with other medicine you have tried. If Envolve Pharmacy Solutions does not approve the PA we will send you a letter and a fax to your doctor. The letter will tell you about the appeal process.

Quantity Limits

Peach State Health Plan may limit how much of a medicine you can get at one time. If the doctor feels you need a larger amount, a PA may be sent to Envolve Pharmacy Solutions. If Envolve Pharmacy Solutions does not approve the PA we will send you a letter and a fax to your doctor. The letter will tell you about the appeal process.

Peach State Health Plan: Planning for Healthy Babies Family Planning Only - Preferred Drug List (PDL)

Medical Necessity Requests

Only medicines listed on the FP-PDL are covered for Family Planning women. If you need a medicine that is not on the FP-PDL, your doctor can make a medical necessity (MN) PA request for the medicine. There are medicines on the FP-PDL to treat most conditions covered by P4HB-FP. For medicines not on the FP-PDL, Peach State Health Plan requires:

- Doctor's notes to show you tried at least two FP-PDL medicines in the same class and used for the same diagnosis; or
- Doctor's notes to show you are allergic or cannot take at least two FP-PDL medicines in the same class; or
- Doctor's notes to show you cannot take any of the FP-PDL agents for your diagnosis.

All reviews are done by a licensed clinical pharmacist. They use the standards set by the Peach State Health Plan P&T Committee. If the request is approved, Envolve Pharmacy Solutions sends your doctor a fax. If it is not approved, Peach State Health Plan and Envolve Pharmacy Solutions will send a letter to you and a fax to your doctor. The letter will have a list of other medicines. It will also tell you about the appeal process.

72 Hour Emergency Supply Policy

State and Federal law says a pharmacy can give you a 72 hour (3 day) supply of medicine if you are waiting on PA review. Pharmacies will be paid for the 3 day supply even if the PA is not approved. The pharmacy must **call Envolve Pharmacy Solutions at 1-866-399-0928** for assistance to send the 72 hour supply for payment.

Exclusions

Only drug categories listed on the Peach State Health Plan FP-PDL are covered for Family Planning women. All other drug categories are not covered.

Drugs Covered Under the Medical Benefit

Peach State Health Plan covers some vaccines and medicines under the medical benefit for Planning for Healthy Babies: Family Planning women. These medicines cannot be filled at a local pharmacy. The doctor can bill Peach State Health Plan for them. For questions about which vaccines and injectable drugs are covered, call Peach State Health Plan's Member Services Department.

Some birth control must be given in the doctor's office. Intrauterine Devices (IUDs), like Mirena, Liletta, Skyla, and Paragard, can be placed during your family planning office visit. Implantable contraception called Nexplanon can be inserted during your family planning office visit, too. If you have questions about birth control, ask your doctor.

Over-the-Counter Medications

Peach State Health Plan: Planning for Healthy Babies Family Planning Only - Preferred Drug List (PDL)

The Peach State Health Plan FP-PDL covers some OTC medicines. These OTCs are covered when your doctor writes a prescription for one of them.

Generic Drugs

Brand-name medicines will not be covered without PA when a generic is available. Generic medicines have the same active ingredient, work the same as brand-name medicines. If you or your doctor feels a brand-name is needed, your doctor can ask for PA. We will cover the brand-name medicine if there is a medical reason you need the brand-name. If it is not approved, Peach State Health Plan and Envolve Pharmacy Solutions will send a letter to you and a fax to your doctor. The letter will have a list of other medicines. It will also tell you about the appeal process.

Filling a Prescription

You can have medicine filled at a Peach State Health Plan pharmacy. You can find a pharmacy by calling Peach State Health Plan Member Services. You can also look for a pharmacy close to you using the Provider-Lookup tool on the website. You will need to give the pharmacist your prescription and Peach State Health Plan ID card.

Ordering, Prescribing and Referring (OPR) Provider Requirements

Georgia Medicaid and the Center for Medicaid and Medicare Services (CMS) want your doctor to be listed with Georgia Medicaid. Peach State Health Plan and Envolve Pharmacy Solutions check pharmacy claims to be sure the doctor on your prescription is known to Georgia Medicaid. If your prescription is written by a non-registered doctor, the prescription will be rejected. Pharmacies will also get a claims message if their store is not listed with Georgia Medicaid.

Co-Payments

Co-pays are not required for Planning for Healthy Babies: Family Planning women.
