

Peach State Health Plan

Clinical Provider Training

Peach State Health Plan offers clinical trainings for behavioral health and physical health providers in our network at no cost. Our team provides clinical, provider-focused education on topics that are geared towards improving member outcomes. Most training courses offer behavioral health and nursing continuing education hours also at no cost to the attendee. Training are completed via virtual, live instructor-led webinars.

Our training topics include but are not limited to:

- ACES: The Study and Beyond
- Autism Spectrum Disorders
- Clinical Topics Behavioral Health
- Behavioral Health Screening Tools
- Co-Occurring Disorders
- DSM-5 TR Overview
- Eating Disorders
- Ethics
- Goal Setting and Documentation
- Integrated Health Care
- Maintaining a Healthy Professional Life
- Mental Health First Aid (Adult)
- Mental Health First Aid (Youth)
- Perinatal Mood and Anxiety Disorder
- Physical Conditions and their links to Mental Health
