2. Type the medicine name into the text box
3. Press enter

Planning for Healthy Babies®: Inter-Pregnancy Care (IPC) Pharmacy Program

Peach State Health Plan covers all forms of birth control for Planning for Healthy Babies®: Inter-Pregnancy Care (IPC) women. We also cover some medicines to help IPC women with their chronic diseases like diabetes and high blood pressure. The pharmacy team works with doctors and pharmacists to be sure the medicines to prevent pregnancies and the medicines to keep you healthy are covered on the Inter-Pregnancy Care Preferred Drug List (IPC-PDL). Your doctor must write a prescription for these all of these medicines.

Planning for Healthy Babies®: Inter-Pregnancy Care Preferred Drug List (IPC-PDL)

The Peach State Health Plan Inter-Pregnancy Care Preferred Drug List (IPC-PDL) is the list of covered drugs. The IPC-PDL tells you the drugs you can get at local pharmacies. The list is updated every three months by the Peach State Pharmacy and Therapeutics (P&T) Committee. The group is made up of the Peach State Health Plan Medical Director, Pharmacy Director, and several Georgia doctors, pharmacists, and specialists.

The Inter-Pregnancy Care Pharmacy Program does not pay for all medicines. Only these kinds of medicines are covered:

- Birth control
- Antibiotics used to treat Sexually Transmitted Infections (except HIV/AIDS and Hepatitis)
- Folic Acid and Multivitamins with Folic Acid
- Medicines for lower vaginal tract and vaginal skin infections
- Medicines to treat Urinary Tract Infections (UTIs)
- Medicines to treat chronic diseases

Some drugs have limits on age, dose, and maximum quantities. These medicines need a prior authorization (PA) if the doctor thinks you need more than the limit.

You can call Member Services to talk to someone about the list of drugs Peach State Health Plan covers. The Member Service phone number is 1-800-704-1484 (TTY/TTD 1-800-255-0056). You can also use the “Drug Lookup” Tool in the secure member webpage to see if your medicine is covered. You can get to the tool by using this link <https://members.envolverx.com/>.

Pharmacy Benefit Manager (PBM)

Peach State Health Plan works with Express Scripts to pay for pharmacy claims. Express Scripts is our Pharmacy Benefit Manager (PBM).

Specialty Drugs

Some drugs are only paid for when you get them from a Peach State Health Plan specialty pharmacy. Specialty pharmacies y can be found using the Find A Provider tool on the Peach State Health Plan website at www.pshp.com.

The Peach State Health Plan Pharmacy Director and Medical Director review the PA requests for these drugs.

These drugs are not usually available at local pharmacies. Be sure to call the specialty pharmacy for a refill before you run out of medicine. Drugs that specialty pharmacies provided are marked in the PDL. This list is on the Peach State Health Plan website at www.pshp.com. Please call Member Services if you have any questions about the PDL.

Dispensing Limits

The pharmacy can give you up to 31 days' supply of each new prescription or refill. There may be some medicine, like Depo-Provera, that is given once and lasts 84 days. 80% of the days' supply or 25 days must have passed before the medicine can be refilled for IPC-PDL drugs that are not controlled. Controlled Substances must have 90% of the supply used before the medicine can be refilled. You will need a new prescription for some controlled medicines.

Appropriate Use and Safety Edits

Your safety is very important to Peach State Health Plan. One of the ways we look out for your safety is through point-of sale (POS) edits when the medicine claim is sent by the pharmacy. These edits are based on the Food and Drug Administration (FDA) approvals. One example would be only allowing one drug in the same therapy class each month.

More information about the drugs that are part of these edits can be found in the **Appropriate Use and Safety Edits** document on the Peach State Health Plan website at www.pshp.com.

Prior Authorizations (PA)

Some medicines on the IPC-PDL may require PA. You should talk to your doctor or pharmacist if your pharmacy tells you a PA is needed. A request should be sent by the doctor or pharmacy to Pharmacy Services on the **Medication Prior Authorization Form**. This form is on the Peach State Health Plan website at www.pshp.com. The completed form and doctor notes to show your history should be **faxed to Pharmacy Services at 1-833-582-2342**. A request can also be sent using the secure electronic Prior Authorization portal by Cover My Meds at www.covermymeds.com.

Peach State Health Plan will cover the medicine if:

- There is a medical reason you need that specific medication.
- Other medications on the PDL have not worked.

All reviews are done by a Georgia licensed clinical pharmacist and will be completed in 24 hours unless more information is needed. They use the standards set by the Peach State Health Plan P&T Committee. If the request is approved, Pharmacy Services sends your doctor a fax. If it is not approved, Peach State Health Plan and Pharmacy Services will send a letter to you and a fax to your doctor. The letter will have a list of other similar medicines. It will also tell you about the appeal process.

Step Therapy

Some drugs on the IPC-PDL may require another drug to be used first. This is called Step Therapy. If you filled that required drug with Peach State Health Plan already, the step therapy

medicine will be covered. If you have not tried the IPC-PDL medicine, your doctor will need to send in a PA form with other medicine you have tried. If Pharmacy Services does not approve the PA we will send you a letter and a fax to your doctor. The letter will tell you about the appeal process.

Quantity Limits

Peach State Health Plan may limit how much of a medicine you can get at one time. If the doctor feels you need a larger amount, a PA may be sent to Pharmacy Services. If Pharmacy Services does not approve the PA we will send you a letter and a fax to your doctor. The letter will tell you about the appeal process.

Medical Necessity Requests

Only medicines listed on the IPC-PDL are covered for Inter-Pregnancy Care women. If you need a medicine that is not on the IPC-PDL, your doctor can make a medical necessity (MN) PA request for the medicine. There are medicines on the IPC-PDL to treat most conditions covered by P4HB-IPC. For medicines not on the IPC-PDL, Peach State Health Plan requires:

- Doctor's notes to show you tried at least two IPC-PDL medicines in the same class and used for the same diagnosis; or
- Doctor's notes to show you are allergic or cannot take at least two IPC-PDL medicines in the same class; or
- Doctor's notes to show you cannot take any of the IPC-PDL agents for your diagnosis.

All reviews are done by a Georgia licensed clinical pharmacist and will be completed in 24 hours unless more information is needed. They use the standards set by the Peach State Health Plan P&T Committee. If the request is approved, Pharmacy Services sends your doctor a fax. If it is not approved, Peach State Health Plan and Pharmacy Services will send a letter to you and a fax to your doctor. The letter will have a list of other similar medicines. It will also tell you about the appeal process.

72 Hour Emergency Supply Policy

State and Federal law says a pharmacy can give you a 72 hour (3 day) supply of medicine if you are waiting on PA review. Pharmacies will be paid for the 3 day supply even if the PA is not approved. The pharmacist can use professional judgment to decide if the medicine is urgent. The 72 hour supply is not allowed for Controlled substances that need a PA. The pharmacy must **call Pharmacy Services at 1-866-399-0928** for assistance to send the 72 hour supply for payment.

Exclusions

Only drug categories listed on the Peach State Health Plan IPC-PDL are covered for Inter-Pregnancy Care women. All other drug categories are not covered.

Drugs Covered Under the Medical Benefit

Peach State Health Plan covers some vaccines and medicines under the medical benefit for Planning for Healthy Babies® Inter-Pregnancy Care women. These medicines cannot be filled at a local pharmacy. The doctor can bill Peach State Health Plan for them. For questions about

which vaccines and injectable drugs are covered, call Peach State Health Plan's Member Services Department.

Some birth control must be given in the doctor's office. Intrauterine Devices (IUDs), like Mirena, Liletta, Skyla, and Paragard, can be placed during your family planning office visit. Implantable contraception, called Nexplanon, can be inserted during your family planning office visit, too. If you have questions about birth control, ask your doctor.

Over-the-Counter Medications

The Peach State Health Plan IPC-PDL covers some OTC medicines. These OTCs are covered when your doctor writes a prescription for one of them.

Tobacco Cessation Medications

Tobacco Cessation is when you quit smoking cigarettes. These are the medicines Peach State Health Plan covers: generic nicotine replacement products (gum, lozenges, and patches) and bupropion SR (Zyban). You will need a prescription from your doctor for these medicines.

Generic Drugs

Brand-name drugs will not be covered without PA when an acceptable generic is available. Generic drugs have the same active ingredient, work the same as brand-name medicines. If you or your doctor feels a brand-name is needed, your doctor can ask for PA. We will cover the brand-name drug if there is a medical reason you need the brand-name. If it is not approved, Peach State Health Plan and Pharmacy Services will send a letter to you and a fax to your doctor. The letter will have a list of other medicine. It will also tell you about the appeal process.

Filling a Prescription

You can have medicine filled at a Peach State Health Plan pharmacy. You can find a pharmacy by calling Peach State Health Plan Member Services. You can also look for a pharmacy close to you using the Provider-Lookup tool on the website. You will need to give the pharmacist your prescription and Peach State Health Plan ID card. Your pharmacy may ask for other forms of identification, like driver's license or state ID.

Ordering, Prescribing and Referring (OPR) Provider Requirements

Georgia Medicaid and the Center for Medicaid and Medicare Services (CMS) want your doctor to be listed with Georgia Medicaid. Peach State Health Plan and Pharmacy Services check pharmacy claims to be sure the pharmacy and doctor on your prescription are enrolled with Georgia Families®. If a non-enrolled doctor writes your prescription, the prescription will be rejected. Your pharmacy will not be able to fill prescriptions for you if it is not enrolled in Georgia Families®.

Peach State Health Plan: Planning for Healthy Babies® Inter-Pregnancy Care (IPC) - Preferred Drug List (PDL)

Copayments

Co-pays are not required for Planning for Healthy Babies® Inter-Pregnancy Care women.
