

# Postpartum Education

## Did You Know?

In October 2022, the Centers for Medicare & Medicaid Services (CMS) approved Medicaid Postpartum Extension coverage.

Now, Medicaid covers any medically necessary service for up to 12 months post-delivery.

### **This Includes:**

- Preventive Health Services
- Family Planning Consultations
- Monitoring of Chronic Conditions
- Dental Services
- Behavioral Health

### **Women also have access to a Resource Mothers who provides:**

- Support for appointments and medication compliance.
- Health education to support behavioral changes.
- Help with the coordination of social services and community resources.

**Provider Services**
