RE: Intrauterine Devices (IUDs) No Longer Require Prior Notification

Dear Peach State Provider:

Peach State Health Plan (Peach State) is making an important change in policy to improve quality of care for our members, and we are writing to communicate this change to you. Beginning July 1, 2012, Peach State will no longer require prior notification to bill Mirena (J7302) and Paragard (J7300) or the placement of these devices.

You will still be required to use *office stock* and bill the device with the insertion on the same claim.

If you have any questions, please contact the Peach State Pharmacy Department at 1-800-514-0083 (option 2). We will be happy to assist you.

Thank you,

Dean Greeson, MD MBA
VP of Medical Affairs

Peach State Health Plan
